Indians Take 3rd Place In

Lincoln Christian Winter Classic Tournament

Commentary by John Bankel

With a 65-61 first round win over Edison, the Indians advanced to the semi-finals to face Bethany, where they lost a heartbreaker by a score of 67-65. Stilwell found itself playing for 3rd place. In the 3rd place game versus Tuttle, the Indians were able to bounce back with another close one, this time winning 63-59. Stilwell is now

7-4 on the season, where their 4 losses have come by a combined total of 9 points. Those 9 points separate the Indians from an undefeated season. There is still more season to come before we head into the playoffs where the Indians should be in position to make a good showing. The quest is still the Gold Ball.

Congratulations Lady Indians!

Supergirl: Josaline Blevins

The Supergirl 64 wrestling tournament was held at the Union (High School) Multipurpose Activity Center in Tulsa on January 4, 5. A total of 46 teams took part in this girls high school wrestling extravaganza. Each weight class could have as many as 64 entries. The girls from Broken Arrow High School emerged as team champions, scoring 173 points. One of the toughest weight classes was at 125 lbs. Stilwell's Josaline Blevins was entered in that class. She wrestled her way to the finals where she faced Bixby's Brissa

Bernal. Bernal, who ended up receiving the Outstanding Wrestler Award for the lower weights, took charge from the outset and won the match by Fall in the first period. To achieve a second place in this showcase tournament is quite an achievement. Josaline Blevins and Stilwell Wrestling can be very proud.

ON THE CAMPAIGN TRAIL

COMMENTARY BY JOHN BANKEL

Today's Trail Treks To..... Bottom Of The Barrel

Election tampering, election rigging, election interference has recently reached its nadir when the biden/obama regime, using the Colorado Supreme Court as surrogates, ruled that President Trump is not eligible to appear on the Colorado primary ballot. The court, which has a majority of liberal democrat judges, used the U.S. Constitution to arrive at its decision. Since when do democrats adhere to the document they so despise? The biden/obama regime has established itself as being in abrogation of the U.S. Constitution, to wit, biden's failure to live up to his oath of office when it comes to securing America's borders. That alone is a treasonable offense. Plus, biden thumbed his nose at the Supreme Court's decision

which declared that biden's hare-brained student loan forgiveness ruse is unconstitutional. Not only that, the biden/obama democrats are sold out on abolishing free speech for anyone not in alignment with their marxist agenda. Plus, when it comes to the second amendment, disarming the people is their aim. Obliteration of the U.S. Constitution and establishment of a totalitarian state is their end-game. All opposition must be stamped out along with the usurpation of the people's will. When it comes to election interference, using the U.S. Constitution to ban President Trump from the ballot is the bottom of the barrel. There is one caveat. The U.S. Supreme Court has agreed to make a ruling on the Colorado decision along with a similar

one handed down by the State of Maine Secretary of State. Unless the U.S. Supreme Court strikes these decisions down, we will truly find ourselves at the bottom of the barrel. Heaven help us!

Today's Trail has come to an end. Perhaps we will meet again around the bend, my friend. Meanwhile, may your Trail end up on the right side of the fence. Happy Trails to you!

Into the Hills

Chapter 1, Episode 1

By Donna Boecher

Entry Wednesday, April 15, 1868 – Why am I writin' this down. My mother Debra told me to write about my life after I got outa the hills. Said, "You gotta git outa here, now!" I knowd she was right. The hills would be my death accordin' to her. She'd given me a loaf of bread and a canteen of water. There would be fallout for the missing canteen.

My own paw had died from typhoid. Maw handfasted Simon when I was eight, guess she was lonesome and tired of doing all the chores. Now she's afraid he'll marry me off to some "old" friend for money. He's greedy and selfish. Maw considered

15 too young for me to marry and start a family. I asked God's protection for maw and me every day. I keep knowin' I'll find a farm family that needs help or I'll get a job in town. I don't know what I'll be doing but I can read and write 'cause my maw is educated. She'd lived on the Arkansas River when she was young. Her dad was a river boat captain makin' good money. Her mama made sure she could read and do sums. She'd done the same for me, course I picked up Simon's lingo to stay in the shadows. Soon those shadows would disappear. Thank goodness.

9.0 is now officially over. The winner of this Kontest will be announced in the next issue. Stay sharp. Stay tuned.

THE CONSERVATIVE VIEW

By Russell Turner

VETERANS OR ILLEGALS

While I have never served in the military, I can see what a great asset they have been to this country. We often take for granted the freedoms that we Americans enjoy, we have those freedoms only because of the sacrifice that our fighting men and women have made in the past. There is an old saying that says freedom is never cheap and I could not agree more, our freedoms have been bought by the sweat and blood on many battlefields across the planet. Many soldiers have sustained injuries that require life-long care, the VA hospital system was created to supply the needs of those soldiers. In my opinion the VA system is for the veterans only, and should not be siphoned off to any other agency. While I share that opinion along with most Americans, there are those in the current administration that do not share that view.

A report from the U.S. Department of Homeland Security (DHS), which said VA resources have been used to process claims for medical care of illegal immigrants since 2020, is causing backlash from several legislators and veterans' agencies. In fiscal year 2022 alone, the VA processed health care claims for illegal immi-

grants totaling more than \$63.6 million in medical services; when all the claims are totaled for 2023 the number is expected to be even larger. As people become aware of the mis-management of VA funds, we are seeing a backlash from all sectors of our country. Rep. Mike Bost (R-Ill.), who has introduced legislation to block VA funds from being used to aid illegal immigrants, was quoted as saying, "As a Marine, I believe any dollar taken away from a veteran is a promise broken to those who served." He went on to say, "Joe Biden's failed border policies have created a humanitarian and national security crisis. Now it appears he is taking resources away from our veterans to facilitate healthcare for illegal migrants."

All I seem to hear from the Biden administration is that our immigration system is broken and it needs to be fixed. We all need to remember, previous Congress members and former presidents passed laws concerning immigration. We have laws on the books and they are being ignored by the current administration. When Joe Biden took the oath of office, he swore to uphold the laws of this nation and he has failed

miserably. It is not up to him to decide what laws he will and will not obey. The Republican controlled house has formed an impeachment inquiry to investigate the shady deals of the Biden family, and those deals should be investigated, but his disregard of federal law concerning the southern border is just as big of an issue as bribery and other crimes.

Our country's debt has surpassed the 34 trillion-dollar mark, and we have worthless politicians making promises to the illegal aliens. The governor of California has promised that the state will provide medical care to all illegals, I wonder if he has ever thought where that money will come from to provide that care? Our country is committing suicide, we cannot provide health care to our fellow Americans, we are diverting funds from the VA, and we are rewarding people who violate our laws and are put in front of the line for the services paid for by the hard-working people of this nation. There is a cure for this insanity, we all need to get serious about voting out the current regime that has infected our federal government.

Billy Joe Eaton
May 9, 1935 -
January 8, 2024

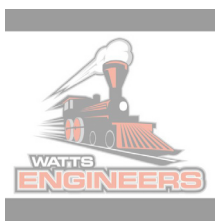

Billy Joe Eaton known to many as "Papa Bill" passed away on January 8, 2024, at the age of 88. Bill was born on May 9, 1935, in Stilwell, Oklahoma to Raymond and Effie Eaton. He graduated from Stilwell High School in 1956. On June 20, 1959, Bill married his high school sweetheart Patricia Colburn. He was a butcher by trade and spent many years working in town at Brigg's and Margraft's grocery stores until he opened his own butcher shop in 1978 called Eaton's Custom Processing.

Papa Bill taught us all the real meaning of love. He gave it freely to everyone. Whether you were family, friends of the family or a stranger at a basketball game, you were worthy of love. He also taught us that true love never runs out. Love he extended to another never took away from the love of those he held close. His love didn't subtract. It multiplied.

And it will continue to multiply through the lives he's touched. We all have a Papa Bill story. From jeep rides and country songs, to random hugs anytime you came across him. From his bright, big smile, to the free of charge deer processing fee. He had no desire to leave this world with anything. He came into this world poor. Yet he lived his life in such a way that we are all better because of him. Papa Bill understood the good life consisted of generously loving those on your path, and he lived his 88 years of life doing just that.

Bill was preceded in death by his daughter, Jody O'Neal, his parents and 14 siblings. Bill is survived by his wife of 64 years, his daughter Dian and husband Greg Walker, grandchildren, Rylan (Kelly) Gregory, Breanna (Cody) Brumley, Amy (William) Edgmon, Jobi (Matt) Lipkovitch, several great grandchildren and numerous nieces and nephews. He is also survived by a very special family he loved as his own Craig, Liz and Seth Brown.

STILWELL SPORTS SPOTLIGHT

Commentary by John Bankel

On January 4, the Lady Indians basketball team took a long bus ride to Tulsa to play in the prestigious Lincoln Christian Girls Basketball Tournament. The Lady Indians played their way to a 3d place trophy in an 8 team tournament. After winning their opening round game, the Ladies would face Lincoln Christian in the semi-final game in what would be a rematch. Stilwell had captured the Vinita Tournament title by beating Lincoln Christian in a wild final game finish, 50-47. Lincoln had pay back on their minds. That night, Stilwell could not muster enough firepower to overcome an ambitious Lincoln Christian squad. Stilwell came up short in a final

score of 55-35 to the eventual tournament champion. In the 3d place game, the Lady Indians faced an old time rival: the Fort Gibson Lady Tigers. It is Fort Gibson that has had a stellar history in Class 4A girls basketball and is usually regarded as a state champion contender. However, Stilwell was up to the task as they remained focused on the game at hand. They took down the Lady Tigers in a defensive struggle, 32-27. Stilwell's star point guard, senior Snowda Watie, was named to the "All Tournament Team." Congratulations Lady Indians on your fine performance!
