Into the Hills

By Donna Boecher

October 1868

The weather was cooling off, but it would be another month before the first frost would come. Each week the pumpkins were getting bigger, and there were fewer blooms on the tomatoes. The chayote had failed; it was just too cold on the mountain for it. Bart and his maw and paw began having Sunday supper with us. We'd read a few verses from the Good Book as the cornbread finished cooking. Togetherness was wonderful. The heavily wooled sheep on Sunday had started straggling into the small barn for hay. They'd be footsore and tired from traveling up

and down the deep ravines. But I felt sure Simon's collie "Fergus" would have corralled them all before checking in and receiving his treat. Without him, we'd have no sheep. We'd need a shearer soon. I'm not complaining, LORD. Bless you as you have blessed us! Bart would know someone; he'd been off the mountain. That reminded me to add lamb to The All Saint's Day menu. Maw and I both like lamb. Did Bart and his family like lamb? She'd need to ask. Enough writin'. The light was failing in the kitchen as the sun set.

WHAT'S SO PUNNY? PUN FUN

Hello Punfunsters. Here we go again. Seems like just yesterday that we had some PUN FUN. Then again, time flies when you are having FUN. Today's pun assortment is sure to give your funny bone some jitters, your knee slapped and your ribs tickled. So hang on to your hat, this is where it's at! And get ready to duck!

1. Early Bird: At what time does a duck wake up?
At the quack of dawn.
2. Tape Tale: What do you call a bird that can fix anything? Duck Tape.
3. Tasty: What do you call a cow and two ducks?
Milk and quackers.
4. Let It Be Thee: When is roast duck bad for your health? When you are the duck.
5. Nuttiness: Did you hear about the duck who thought he was a squirrel? That was one tough nut to quack.

Hope these puns quacked you up! That reminds me of the duck who flew upside down. He quacked up. What do you call a male duck? A drake. No fooling. Well, so long for now, at least until next time. Keep the laughter going and pass it along to someone who looks like they need a good laugh. And may all your ducks be in a row.

Emily Dickinson

" 'Hope' is the thing with feathers –
That perches in the soul –
And sings the tune without the words –
And never stops – at all –
And sweetest – in the Gale –
-is heard –
And sore must be the storm-
That could abash the little Bird
That kept so many warm –
I've heard it in the chilliest land –
And on the strangest Sea –
Yet-never-in Extremity,
It asked a crumb – of me."

Episode 7 of 8

Hello Krytpo fans. After this episode, there will be only one more, and then we will wrap it up and declare a winner of the \$25 Cash and Calculator prize. Get in on the fun if you have not yet done so. The game requires only a working knowledge of arithmetic with whole numbers and a little patience playing with the numbers. Today's answer is 4. You are playing with: 8,21,9,16,5. Remember, you must use all 5 numbers, but each one only once, and any combination of addition, subtraction, multiplication or division to write an expression that equals the answer: 4. Give it a twirl. It is a bunch of fun.

ON THE CAMPAIGN TRAIL

COMMENTARY BY JOHN BANKEL

**Today's Trail Treks To.....
Tour De Farce**

When someone gives an unforgettable stage performance it is usually referred to as a "tour de force." It is a French term, ergo the italics. In the recent faux, ("faux" is also a French word meaning phony, fake and is pronounced "foe") State Of The Union address given by the faker himself, faux biden, where he spent a little more than an hour screaming into the microphone berating everything and everyone that is not marching to the beat of his corrupt regime. He gave special attention to his predecessor with a torrid lambast of character assassination. Never before has the State of The Union address degenerated into the political theater of the absurd. Jacked Up Joe was higher than a kite exuding a surreal outpouring of insanity, playing it up to new presidential lows all to a gleeful audience of democrat psychophants. Lamestream Media the next day were giddy in their gaudy praise of this mournful and shameful display of America's

plummeting image and rapid degeneration into a third world country. There is a song called "Send In The Clowns." This song was popular in the 1970's and may still be heard today. One of the lyrics in this interesting piece is: "Don't we love farce..." If one word could capture faux biden's performance, "farce" would be perfect. The song concludes with "Send in the clowns, there ought to be clowns; don't bother they're here." And the Clown-In-Chief pulled off a "tour de farce."

Today's Trail has come to an end. Perhaps we will meet again around the bend, my friend. Meanwhile, may your Trail end up on the right side of the fence. Happy Trails to you!

Dear John,

Happy Easter! I love this time of year. A new spring is here, and I had to say something to others. This Passover we are reminded again about the suffering of Jesus on the cross. As the earth wakes up in beauty our souls can also rejoice, because every day is new with our Savior. We get caught up in the worries of the world, but God the Father is still in control. My family and friends are so loaded down with the bad things in the news. It can be overwhelming to know that the evil in this world and our country seems to be winning. It is surprising to me that some of my friends have believed all the lies of the world. One thing I can say is if the world is happy about things happening to good people then you know it is not from God. I pray that God will open eyes and hearts to be better discerners of evil. We need to get on our knees and ask the good Lord to do some house cleaning of our souls. Our government is no different than in the days of Christ. It is very difficult to know that something is really bad, but the masses are saying it is good. What do you say John?

A sinner saved by Grace

Dear Saved By Grace...it is no secret that our world is dwindling down to its last hurrah. The hurrahs will be replaced by hosannas. That is the good news. Meanwhile, we can take refuge in the One who has overcome. In John 16:33, the Lord declares: "...In the world you shall have tribulation: but be of good cheer; I have overcome the world." Notice that He has overcome. On Easter, we celebrate his Resurrection, a sure sign that He has conquered death and the devil. Let us revel in His victory of which we are partakers. Finally, in Romans 12:2, the Apostle Paul writes: "And be not conformed to this world but be ye transformed by the renewing of your mind, that you may prove what is that good, and acceptable, and perfect, will of God." Renewing of your mind takes place when you study the Scripture; then you will know that you are saved by grace.

Sincerely,

Dear John

THE CONSERVATIVE VIEW

By Russell Turner

AIDING AND ABETTING

Those of us who have any knowledge of the law know if you give safe harbor to a fugitive, or aid someone in committing a crime, you can be held liable. For instance, if someone you know robs a bank and you know it, and still allow that person to hide out in your home or property, when law enforcement catches the individual and confirms that you did indeed help conceal that person, you will also be arrested. We law abiding citizens understand that simple concept. but people in our government do not seem to understand when you aid someone who is breaking the law it is also a crime. It is very hard for law abiding citizens to understand why our government has gone to foreign countries and flown over 320,000 illegal aliens into our country at taxpayer expense. It is bad enough that the illegals invade our country by swimming across the Rio Grande River, it is even worse when our own government transports 320,000 into our nation, even though a vast majority of our citizens want this illegal nonsense stopped.

Our country cannot survive the two-tiered justice system we are currently living under. The case that all of us are familiar with is the subject of government officials possessing clas-

sified documents. In the case of Hillary Clinton, she destroyed subpoenaed computer files and blackberry devices; the FBI director at the time said that no reasonable prosecutor would file charges and the whole issue was just dropped. Resident Biden was also in possession of many classified documents that were obtained over decades, but because of his poor memory no charges would be filed. Now we come to former President Trump, his home was raided with gun-toting FBI agents and he is currently facing charges of mis-handling classified documents. We Americans need to understand one simple fact, Biden and Clinton had no right whatsoever to be in possession of classified documents, whereas Trump did have the legal authority to de-classify and possess those documents. Of the three, it seems ironic that the only one with the legal authority to have those documents is the one being prosecuted. In the case of Hillary Clinton all she was doing was saving her fanny, in the case of Biden it appears he was wanting all those documents for reference in a book deal. In the case of Trump, whatever his intentions for those documents are irrelevant, he has the legal right to those documents because he was president whereas the

others were not.

In the case of Biden, the Hur report gave many examples of law violations, but because of his poor memory he did not support filing charges. Like many other Americans I watched the State of the Union Address and I witnessed a so-called president who was angry, screaming at the American people, and who told one bald-faced lie after another. One of the saddest parts of the whole address was all the standing ovations by the liberals who knew he was lying his ass off. Biden's actions reminded me of a race horse that was given an injection to make him run faster, I just wonder if some of his handlers had some access to some horse medicine? The goal was to keep Biden on his feet through the speech, and they did accomplish that. I heard several comments by his supporters that he was energetic and sharp as a tack. If that assessment about his competency is correct, I think the special prosecutor should re-think his report and file the charges against him. The liberals are not worried about getting into trouble by aiding and abetting people doing illegal things, they know the mainstream media and justice system will make any kind of lame excuse to let them off the hook.

Basketball and Wrestling Recap

Basketball and Wrestling seasons are behind us. Just a quick recap on the Indians and Lady Indians basketball season. Both teams qualified to play in OKC at the "BIG HOUSE" where both teams competed in the Consolation Bracket. Both teams were eliminated in the first round of the State competition, the Indians losing to the eventual finalist Weatherford squad by a score of 54-36; the Lady Indians took it on the chin from eventual State Champion Bethany, 54-34. In girls Wrestling, Joselyn Blevins, wrestling at 120 lbs brought home the Gold medal, while Adrianna Chronister, at 135 lbs, took home silver. That gave Stilwell a 5th place finish as a team.

Spring Brings Baseball and Soccer

The Indians baseball is off to a rocky start, having lost all 4 of their games to date. Meanwhile, the Indians and Lady Indians soccer squads have the Indians standing at 2-1, with wins over Poteau, 1-0, and Tahlequah, 2-0, while absorbing a 4-2 loss to Sapulpa; the Lady Indians are at 1-2, with a win over Poteau, 2-1; their two losses came at the feet of Sapulpa, 7-2 and Tahlequah, 2-0. Come on out and support these athletes.

Myrna Cusick
Nov 6, 1940 - March 14, 2024

Myrna June Cusick, 83, daughter of Mickey and Mary June (Mahaney) Finch, was born on November 6, 1940, in Geary, Oklahoma and left us on Thursday, March 14, 2024, at her home in Baron, Oklahoma after a long, brave fight with cancer. She graduated from Dimmitt High School in Dimmitt, Texas, where she was on the Basketball team that won state.

Myrna lived an interesting and active life until cancer slowed her down 15 years ago. She worked in retail, modeled locally, and became a clothing buyer during her early years in Watonga and Alaska. Myrna enjoyed the positions and loved Alaska. She often talked about going back for a visit. She even earned her pilot license.

Upon her return to Oklahoma, she adopted her daughter, Marla, on December 9th, 1965. They were both blessed to have been brought together and she became a wonderful protector and provider. Myrna worked many jobs while Marla was small and attended SWOSU in her spare time.

In the mid 1970's, she graduated and became the biology teacher at Yukon High School, Yukon, OK. She was known as Mrs. Taylor. Myrna loved her time as a teacher and cherished her students. At the beginning of the 1980's, she went into sales at Xerox. Myrna learned a lot during her time at Xerox and made many friends, however after a few years, she decided to try her hand as a realtor. It was at this time that she met Bob Cusick. They married a brief time later and we

welcomed Kelley (Bob's daughter) into the family. Over the years, they lived in OKC, St. Charles, IL and Rockwall, TX before moving back to Oklahoma.

The years in Texas were great, but when Myrna & Bob moved to Baron, OK in 1994, the best years of her life began. They started ranching and raised registered Angus cattle and many other animals over their 25 years on the ranch. She loved her time there and missed it every day after they moved to Fayetteville, AR. Myrna was a generous, sweet person, who was always able to see the best in everyone. She loved her family and friends deeply. She was a true prayer warrior and had complete faith in the Lord. Regardless of her past battles with cancer, we were still caught off guard and completely unprepared for her rapid decline. However, we will be forever grateful for our last moments together.

Myrna was preceded in death by her parents, her in-laws: Warren and Betty Cusick, her brother: Bobby Finch and her beloved husband, Bob Cusick.

She leaves a loving and devoted family to mourn her passing and celebrate her life, they include her daughters: Marla Brummett and husband Mark, Kelley Porterfield and husband Justin, grandchildren: Jacob Brummett (Jennifer), Rachel Brummett, Caleb Brummett, great grandchildren: Roscoe, Jaze and Mabry Jeune, brother and sister-in-law: Carroll and Jenny Finch & many other relatives and friends.

The family would like to thank Dr. Beck (who she called her miracle worker), everyone who helped her at Highlands Oncology, Colene Bennett for being our rock at the end and all our friends and family for being there for us during this time.
