District 27 DA Addresses Republican Party Meeting

Commentary by John Bankel

N. Jack Thorp is the District Attorney for District 27, a district which encompasses 4 Counties: Adair, Cherokee, Sequoyah and Wagoner. On Monday, October 23, at 6:30 pm, Mr. Thorp was the featured speaker at the Adair County Republican Party meeting held at the Stilwell Public Library meeting room. In front of a strong turnout, Mr. Thorp covered a lot of subjects with which his office deals on a daily basis. He began his talk by saying, "I have been a prosecutor for 25 years. I have always wanted to be a prosecutor." After earning his law degree from U of Arkansas, he prosecuted for 6 years in Arkansas before deciding to come to Oklahoma. He joined the DA office in Adair County as an ADA (Assistant District Attorney) working with DA Brian Kuester. He ended up being appointed as the DA when Kuester was appointed by Donald Trump as a U.S. Attorney. Mr. Thorp has since been elected twice. He spoke extensively about medical marijuana. His office, along with other agencies, recently shut down an illegal grow operation

outside of Westville where 600 pounds of pot were seized. Investigations revealed that this operation was tied to a criminal mob out of New York. As a matter of fact, Mr. Thorp said that medical marijuana has attracted many nefarious actors and along with loose regulation, e.g., THC content can be as high as 80%, has presented enormous law enforcement challenges. He stated that schizophrenia, related to strong pot use, is on the rise. According to Mr. Thorp, folks in Colorado, where pot is legal and strictly regulated, have dubbed Oklahoma as "The Wild West." Of perhaps even greater concern is the amount of Fentanyl readily available on the street. Thorp said,

"There have been 59 drug related deaths in 2023 in District 27." Many of those deaths were Fentanyl related. He mentioned that a change in the law may help where then a drug death would be being handled as a "crime scene" where an investigation into who provided the deadly dose can result in an arrest and prosecution for murder. N. Jack Thorp loves his work yet he is not alone in his endeavors. He mentioned that for now, his office is fully staffed with 15 ADAs. When asked what he looks for in an ADA candidate, he said he first looks for someone who want to be a prosecutor. To which he added, "There are not many of those." Certainly not many like N. Jack Thorp.

They Risked It All/It's the Truth MEMORIES OF FARM AND FAMILY

Number 47

By Donna Boecher

What makes us as humans different from the rest of creation? Think a moment! Yes, we have the capacity to think, to speak, and to comprehend – and in the process express compassion as we live life. Sometimes it seems that our world is upside down; that humans have become inhumane – lacking love. It was suggested in our church for us to reach out to those who might be in need. How

could I do that in a rural area where driving on another person's property might be seen as an invasion of their privacy? Yet if bad times are coming, shouldn't we know what our neighbors might have need of, what abundance they might have to share, and if they have conceived any ideas on how to exist in a season of seeming insufficiency. Thinking back to stories my mother told of

the Depression (1930s), one story sticks out. Married in 1936, she lived two years in the western part of Tulsa, across the river in a home with a small pasture. There was a lack of milk in the city, so her father brought her a cow that was "fresh"; Mother shared the milk with her neighbors. Immediately, there was a sufficiency.

Stilwell vs Madill

On Friday, October 20, the Indians took a long bus ride to take on the Madill Wildcats. Madill had payback on their minds. In last year's game at Stilwell, the Indians pulled off a major upset in one of the most thrilling games in Stilwell Sports history. In a see-saw battle, Madill took the lead 45-38 in overtime. The Indians came back with a score to make it 45-44. In a bold move for the win, the Indians went for 2 and got it! Final: Stilwell

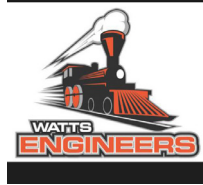

46 Madill 45. This year would play out differently. The Wildcats gave Stilwell little room to get a win as they pounded out 49 points to Stilwell's 21. The loss dropped the Indians to 2-7 as they prepare for a trip to Broken Bow on Friday, October 27 to face an always formidable foe in the Broken Bow Savages. Kickoff is 7 pm. Stilwell finishes its season at home against powerhouse Po-teau, which is ranked #1 in the state. It will be Senior

night. Kickoff is 7 pm.

New Feature In Stilwell Sports Spotlight

From time to time, Gregg Stilwell, who has forged a reputation as a Stilwell Sports historian, will take us back to some of the rivalries that have been formed through the years. This week he recounts the rivalry between Stilwell and Broken Bow. Please read on.

ADAIR COUNTY HIGH SCHOOL FOOTBALL ROUNDUP

Watts Engineers: 8 Man Football

On Friday, October 20, the 4-3 Watts Engineers traveled to Copan to take on the Copan Hornets. The Engineers quickly found themselves in a hornets' nest where Copan stung them with an onslaught of touchdowns. When it was all over, the Hornets swarmed the Engineers with 74 points. The final score: 74-24. Watts next entertains the Wesleyan Christian Mustangs on Thursday, October 26. Kickoff is 7pm. Watts is now 4-4 with 3-2 in District Play. With 2 games remaining, they are still in a position to qualify for the District Tournament.

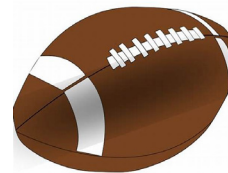

Westville Yellowjackets

The Westville Yellowjackets took on the Morris Eagles on Saturday, October 21 in a District home game. The Eagles brought their talons and their talents as they picked the Westville defense apart, scoring 50 points. The Yellowjackets managed 22 points as they dropped to 1-7 on the season. They travel to Kiefer on Friday, October 27, to clash with an undefeated Kiefer Trojan team. Kickoff is 7 pm.

Cave Springs Hornets: 8 Man Football

On Thursday, October 19, the Hornets traveled to Keota to tangle with the Keota Lions. The Hornets were devoured by the Lions as they lit up the scoreboard with 56 points. On the defensive side of the ball, the Hornets failed to penetrate the Keota end zone. Cave Springs now has a 5-3 record with 2-1 in District Play. Coach Collyge told this reporter that the Hornets, with 2 tough games left, one with Welch and the last one with Foyil, have qualified for the playoffs. The last time the Hornets qualified for the playoffs was in 2015. The Welch game is on Thursday, October 26 at home versus Welch. The final regular season game is also at home on Thursday, November 2 versus Foyil. Kickoff is 7 pm

Stilwell Football History Anecdotes

By Gregg Stilwell

The series between Stilwell and Broken Bow has been completely one sided with Broken Bow leading the series with 31 wins to 2 by Stilwell.

We have never won a game At Broken Bow. That makes us 0-16 on their home turf.

The meetings between the two schools in 1988 and 1989 were Class 3A Quarterfinals games.

In 1988 Stilwell was undefeated at 12-0 and ranked #1 while Bow was 11-1 and ranked #2. Stilwell ran the Option-I but despite 3 tornado warnings during the

game as well as lightning and severe flooding on the field the referees would not stop the game at any time. That made running the option impossible so we lost 26-6 scoring off of a fumble at the Bow 2 yard line on the second play of the game. The next year the stats were the same but the records and rankings were reversed. The field was perfect this time but we fell 20-0. Late in the game Broken Bow led 13-0 but we had driven the ball down to the Savages 3 yard line. If we could score the mo-

mentum was ours and we had a huge opportunity to come from behind and pick up the win. Broken Bow All-State Linebacker Bobby Gordon stepped in front of a pass and returned it 97 yards to seal the game in Bow's favor.

They went on to win the State Championship and their head coach said after the Championship game win that Stilwell was the best team they had played during the season.

THE CONSERVATIVE VIEW

GETTING A LOAN

When I was starting my career, it was very hard to get a loan to start a business or even purchase a car. I can vividly remember being turned down for a car loan even though I had a substantial down payment which amounted to roughly 30% of the purchase price. This happened roughly 40 years ago; at that time the lender wanted to know where you worked, where you lived, and how long you were there. At the time I often said the next thing they will want is what blood type you happen to be. Looking back, the lender was simply looking out for their interests. The money they had to loan was their money and if I had some money to loan, I would be very cautious as well. After I was in business for a while, I built a credit history and eventually could borrow money when I needed it, in the old days it took some time to build a good credit rating. I recently read about a Biden administration dictate that should be of concern to all Americans.

Right now, in this country there are many rules that lenders must comply with to stay in business. The Equal Credit Opportunity Act (ECOA), protects credit applicants from discrimination based on such characteristics as race, religion, sexual orientation, and national origin. The

Biden administration has warned U.S. banks and other financial institutions that they cannot reject illegal immigrants' credit applications based solely or predominantly on their immigration status. When I read the article, it made me think this is the same bunch of socialists that are wanting to hire another 87,000 gun-toting IRS agents to make sure that we born and bred Americans pay our fair share. It seems ironic that it is illegal for a contractor to hire someone who is here illegally, but now the same people are demanding that banks give loans to people who have entered our country illegally.

Ever since resident Biden has occupied the White House his administration, instead of enforcing our existing immigration laws, are ignoring them, and are creating incentives for illegals to invade our nation. We Americans have way too many bureaucrats who have nothing to do but harass the taxpayers of this nation to promote their socialist ideas. Have we forgotten the housing crash a short time ago that caused a recession that we all had to endure? We all need to remember that when lending institutions lose money, they must make it up some way, usually it causes more expensive costs for those who actually pay their bills. I even

read where the city of Chicago was going to give illegal aliens up to 9,000 dollars each for housing costs. The government said the taxpayers should expect to be on the hook for housing and furnishing the city's illegal population for at least half a year, and that the amount handed over varies by circumstances. An estimated 68,440 homeless Americans are living on the streets of Chicago; according to the most recent data from 2021—and in the past two years, that number has grown. Meanwhile, residents who see their fellow Chicagoans still living on the streets are outraged over what they consider a “criminal” misdirection of funds. This same scenario is playing out across our entire nation, our government seems intent upon treating those of us who were born in this nation like crap and put a high value on someone who breaks our laws and comes here illegally.

It is a sad fact that our country is declining and becoming crazier every day. They put the squeeze on our own citizens while putting illegals in four-star hotels, giving them cell phones, providing medical care, and a host of other things. Our government is sowing the seeds of resentment and hatred, if this current trend is not stopped our nation cannot survive.

ON THE CAMPAIGN TRAIL

COMMENTARY BY JOHN BANKEL

Today's Trail Treks To.....

The Magnificent Nine

And then there were nine. It all started when Matt Gaetz, (R-Fla) decided to play the card which would settle a feud between him and the Speaker Of The House, California Congressman, Kevin McCarthy. McCarthy had held the gavel since January, when, after an excruciating 15 round bout (reminiscent of the Friday Night Fights), he won the Speakership. McCarthy was in trouble from the start. His "fly in the ointment" was his concession for removing him from his long coveted post that required only a motion from one of his naysayers along with a majority vote of the entire House. Gaetz pulled this off by cajoling 8 Republican members to join him in

the ousting vote, without seeming to understand the consequences of his imbroglia. If he indeed pulled this stunt out of a need for reprisal, then he is, of course, one great big fool. As of today's writing, the House still has no Speaker and remains in an utter state of chaos and ineffectiveness. Meanwhile, the Democrats get to sit smugly in their chairs, with arms folded, watching this circus unfold and nodding to each other with an indelible smirk on their faces as they dream about a 2024 landslide. Can it get worse for the Republican Party? Today, there are 9 in the hunt for the job. Who will emerge on top from here on is anyone's guess? All they have to do is pick one

of the Magnificent Nine and Congress can get back to work. Say that without a smirk?

Today's Trail has come to an end. Perhaps we will meet again around the bend, my friend. Meanwhile, may your Trail end up on the right side of the fence. Happy Trails to you!

DEAR JOHN

Dear John,

My brother was evicted from his apartment a few weeks ago. He had no place to go so I let him come and live with me. He is an absolute slob. I asked him to clean up after himself and it appeared to work. Then a few days ago, I came home from work, and I smelled something bad. I started searching and I found bags of trash stuffed in the guest room closet, along with his dirty clothes. I thought he was keeping things clean. I picked up his mess and when he got back from work, he was mad because I "snooped" in his room. He left the house and did not come back until I was asleep. Now he is not answering my phone calls. I left a note and told him he needs to clean up or get out. He told mom who lives in a nursing home that I was kicking him out. The social worker from the home called and told me that my mom was upset and crying because I'm making her son homeless. I have not kicked him out, I just want him to clean up after himself. How do I handle this situation?

Big Sister Blues

Dear Big Sister...there is a scripture which goes something like this: "Do not become weary in well doing." Your brother is on the receiving end of your "well doing." It appears that he is resentful of you invading his privacy. Plus, it seems like he is a spoiled brat who has never accepted the responsibility of his life. While not wanting to lay blame on your mother, she may have been the one who spoiled him. He went crying to her. If his trashy ways are confined to his room, then allow him to have this space. When it gets to the point of being unbearable, such as smell, ask him gingerly, if it is ok to help him get rid of the trash? He may just go for it since you have shown him "respect." It is a delicate matter that requires a delicate approach.

Sincerely,

Dear John
